GLOBAL LEADER POWER

LED product catalog

About

The Global Leader Power brand was created in 2012 as a direct response to LED and Automation market customer needs. It is based on the foundations and experience of Middle Europe's biggest LED driver. Our products are now available all over the European continent.

We are proud to be cooperating on our designs with the biggest SMPS manufacturer in the World – Delta Electronics, and also with Inventronics.

Our goal is to deliver products that fulfill the strict requirements of LED market, which is our priority. Compared to other products available on the market today, all Global Leader Power are characterized by innovative PCB Design, high quality components, well established standard dimensions, and a very competitive price to quality ratio.

Most of our products are offered with a 5 year warranty, which is exceptional on the global market among professional LED drivers. We wish our customers to take part in the most demanding projects possible all across Europe.

Our motto is no compromise and clear cooperation and distribution principles, supported by responsible Brand recognition management. One of fundamental goals of Global Leader Power is becoming a strong, independent of large international syndicates, Pan European brand, that is able to compete with Eastern brands, who's policy is inconsistent, quality is arguable and the responsibility for their products sold in Europe is equal to none.

The European market experiences in this regard leave a large field for improvement and the answer to this improvement is the Global Leader Power brand.

We welcome you to contact with our European representatives.

Our portfolio also includes AGM Batteries – should you be interested, please feel free to contact your local distributor.

Global Leader Power has already sold 500 thousand units, that work on the European market.

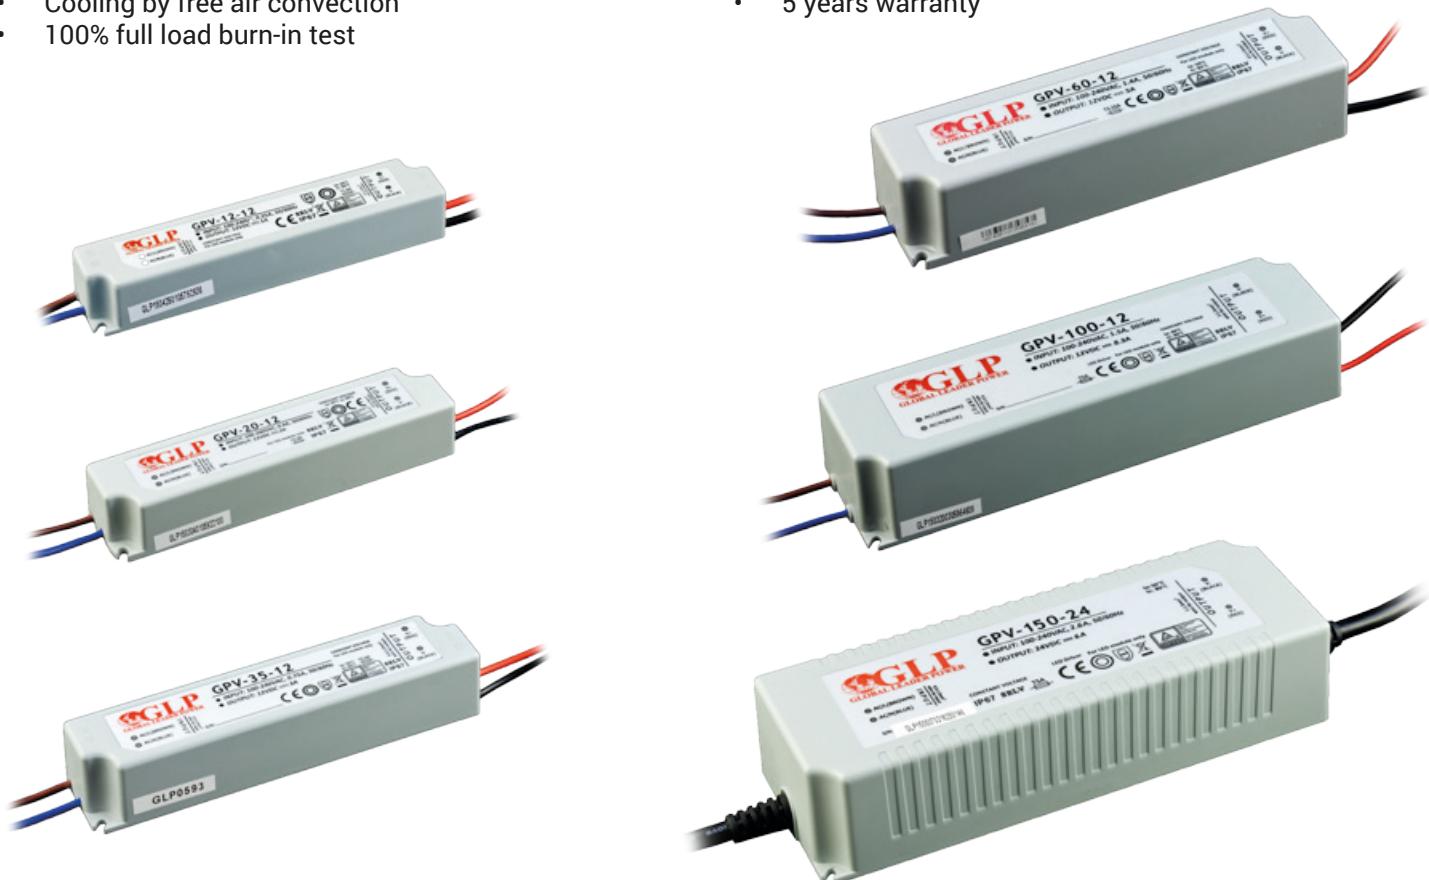

GPV 12-150 W waterproof (IP67)

■ Features:

- Constant voltage design
- Universal AC input / Full range
- Voltage versions: 5 V, 12 V, 15 V, 24 V & 36 V
- Cooling by free air convection
- 100% full load burn-in test
- Isolation class II
- Fully encapsulated with IP67 level
- Excellent quality / price ratio
- 5 years warranty

GLG 60–300 W waterproof (IP65, IP67)

■ Features:

- Constant voltage design
- Built-in active PFC function
- Universal AC input / Full range
- Voltage versions: 12 V & 24 V
- Cooling by free air convection
- 100% full load burn-in test
- Built-in potentiometers to adjust output voltage and current (GLG-100 & GLG-150)

GIV 180-300 W waterproof (IP67)

■ Features:

- Manufactured by Inventronics®
- Constant voltage design
- Universal AC input / Full range
- Voltage versions: 12 V & 24 V

INVENTRONICS

- Cooling by free air convection
- 100% full load burn-in test
- Isolation class I
- Fully encapsulated with IP67 level

PCC/GTPC 8-60 W

■ Features:

- Constant current design
- Built-in active PFC function
- Universal AC input / Full range
- Cooling by free air convection
- Selectable output current
- Current versions: 350 mA, 500 mA, 700 mA, 900 mA, 1050 mA & 1400 mA
- Built-in DALI interface (PCC40W-DC-DALI)
- Isolation class II
